### Q-2010-RK Rackmount Kit

Mounted with Dell 2001FP

Mounted with Viewsonic VP201b

The Q-2010-RK rackmount kit is only 8U or 14.00" high, and it is designed specifically for the Dell 2001FP, Viewsonic VP201b, and equivalent 20.1" TFT LCD monitors, creating the largest monitor that can be mounted in an 8U space.

The monitor is mounted in front of the rack rail. The offset is the thickness of the monitor, typically less than 3 inches.

The Q-2010-RK is very easy to assemble. All of the necessary hardware is provided. The price for the Q-2010-RK is \$125.00 each. For the Dell 2001FP, a ½" thick spacer block is required, priced at \$20.00 each.

Shipping by UPS Ground is free.
